

Our Services

Glenn's Inc. has been providing professional and reliable service for over 15 years. We provide a wide range of automotive services including 24/7 roadside assistance. We at Glenn's invite you to take a moment to view our services and remember we are waiting for your call.

Battery Services

At Glenn's we operate a mobile battery service. Our mobile battery service vehicles are fully stocked with batteries to fit most vehicles on the road today. Upon arrival, our technician will be able to quickly diagnose your vehicle's battery, starting system and charging system using state of the art diagnostic equipment.

battery on site and get you back on the road quickly!

Once tested, the technician will explain the test results and roadside assistance options. In some cases, all that is required is a simple battery boost. If your battery is faulty, our technician will be able to install a new

Fuel Service

If your vehicle is out of fuel, Glenn's is able to bring fuel to your vehicle so you can quickly and safely drive to the nearest gas station.

Lockout & Locksmith Service

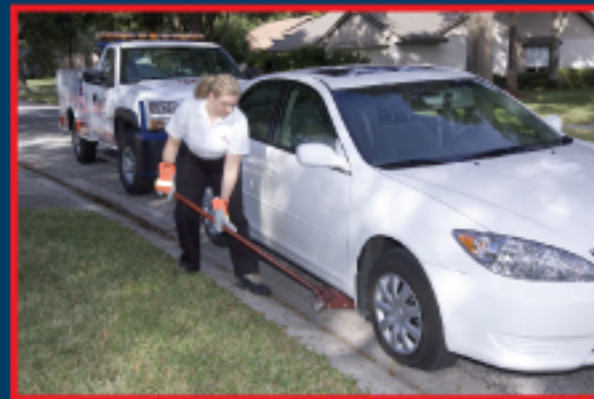

At Glenn's, our service technicians are able to carefully and professionally unlock your car with our specialized tools and equipment. In the event that you need

Locksmith services our service vehicles are equipped to cut new keys for your vehicle right on the scene, even keys that require internal transponders!

Flat Tire Services

Glenn's is able to quickly and safely replace your flat tire with you vehicle's spare tire. If required, we can also bring your vehicle back to our automotive repair center where we can install a quality new tire from our extensive new tire inventory.

Towing Services

Glenn's offers a full line of towing and transport services. We have both late model rollbacks and tow trucks to meet your needs in a quick and convenient manner. Additionally, we offer a roomy 4-door rollback service in the event that

your vehicle breaks down while you are traveling in a large group. Finally, our drivers have completed the AAA Preferred Service Providers training course and pride themselves on providing the best possible service on every call.

Auto Repair Services

Our automotive repair center is capable of administrating the standard PA inspection and the PA emissions inspection. Additionally, we offer complete automotive repair services ranging from routine maintenance to extensive repairs.
